

Microbot Medical® CEO Harel Gadot to Discuss Endovascular Robotics on Benzinga All Access

December 10, 2024

Livestream Interview Can be Viewed Today at 10:50am ET at [Benzinga All Access Live](#)

BRAINTREE, Mass., Dec. 10, 2024 (GLOBE NEWSWIRE) -- Microbot Medical® Inc. (Nasdaq: MBOT), developer of the innovative single use LIBERTY® Endovascular Robotic System, announces that its Chief Executive Officer, Harel Gadot, will be interviewed on Benzinga All Access at 10:50am ET on December 10, 2024. The live interview can be viewed at: [Benzinga All Access Live](#). Mr. Gadot will discuss Microbot Medical's LIBERTY system, the continued growth and adoption of surgical robotics, and how the Company plans to redefine the peripheral endovascular space with LIBERTY®.

Earlier today, the Company announced that it has submitted the FDA 510(k) for commercialization of the LIBERTY® Endovascular Robotic System.

As the world's first single-use, fully disposable endovascular robotic system, LIBERTY® eliminates the need for large and expensive capital equipment and streamlines customers' access to robotics. With its remote control, LIBERTY® is designed to significantly reduce radiation exposure to physicians and staff, and improve ergonomics, which has the potential to reduce the physical strain on healthcare providers. The Company also believes that LIBERTY® has the potential to lower procedure costs, increase procedure efficiency and improve the overall quality of care.

About Microbot Medical®

Microbot Medical® Inc. (NASDAQ: MBOT) is a pre-commercial stage medical technology company with a vision to improve the quality of care for millions of patients and providers globally. The Company has developed the world's first single-use, fully disposable endovascular robotic system, which aims to eliminate traditional barriers to accessing advanced robotic systems.
